

I do not understand.

I understand.

I want a break.

Wait for me to come back.

I want a break.

Continue while I'm on break.

**I need you to explain
that differently.**

I need time to think.

I don't want to answer.

**I want to answer
in a different way.**

**Can someone
answer for me?**

**I want to talk
about this later.**

I'd like to leave.

I need to move around.
